Introduction

The LANXESS Meth-O-Gas Applicator Education Program is offered to applicators who want to become certified to purchase and use the following LANXESS methyl bromide fumigant products:

Meth-O-Gas Q

EPA Reg. No. 5785-41

Meth-O-Gas 100

EPA Reg. No. 5785-11

In order to purchase and use Meth-O-Gas fumigants, a state-certified pesticide applicator must complete a training program specific to the safe handling and use of these products. Successful completion of the LANXESS Meth-O-Gas Applicator Education Program will allow an applicator with a valid state pesticide applicator license to purchase and use Meth-O-Gas for a period of two years.

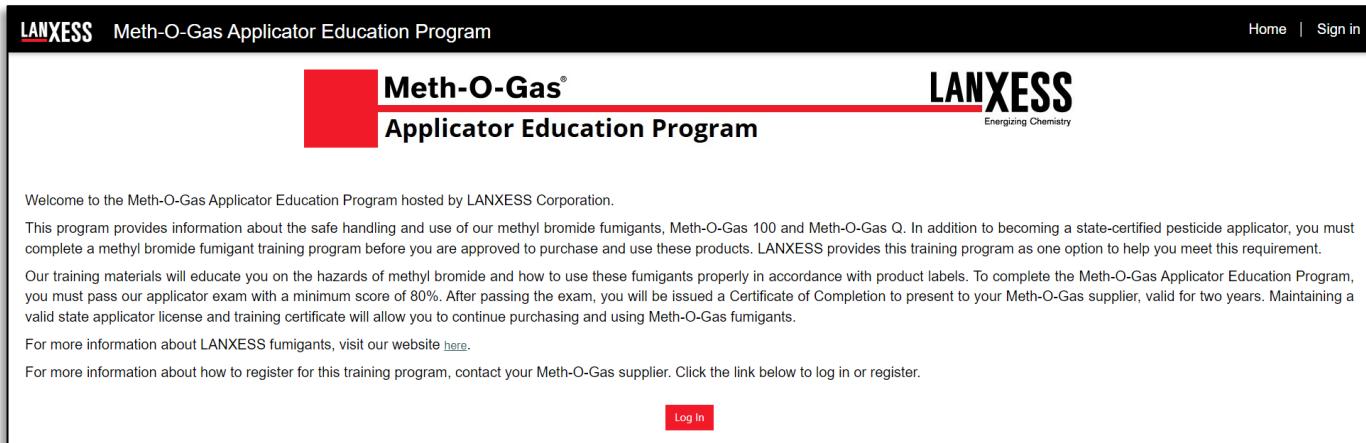

This **User Guide** is designed to help new and existing users navigate the LANXESS Meth-O-Gas Applicator Education Program training website found at: <https://www.fumiganttrainingsite.com>.

After registering with the website, you will be given access to training materials and will have three attempts to pass the Certification Test with a minimum score of 80%. After passing the test, you will be provided with a Certificate of Completion to prove that you successfully completed your training. This certificate can be downloaded at any time from your homepage. Present your certificate, along with your valid state-certified applicator license, to your Meth-O-Gas supplier when placing an order. Your certificate will be valid for a period of two years.

If you have any questions about this user guide or the LANXESS Meth-O-Gas Applicator Education Program website, please contact LANXESS or your Meth-O-Gas supplier.

Logging Into the Training Website

1. Go to <https://www.fumiganttrainingsite.com>.

Welcome to the Meth-O-Gas Applicator Education Program hosted by LANXESS Corporation. This program provides information about the safe handling and use of our methyl bromide fumigants, Meth-O-Gas 100 and Meth-O-Gas Q. In addition to becoming a state-certified pesticide applicator, you must complete a methyl bromide fumigant training program before you are approved to purchase and use these products. LANXESS provides this training program as one option to help you meet this requirement. Our training materials will educate you on the hazards of methyl bromide and how to use these fumigants properly in accordance with product labels. To complete the Meth-O-Gas Applicator Education Program, you must pass our applicator exam with a minimum score of 80%. After passing the exam, you will be issued a Certificate of Completion to present to your Meth-O-Gas supplier, valid for two years. Maintaining a valid state applicator license and training certificate will allow you to continue purchasing and using Meth-O-Gas fumigants. For more information about LANXESS fumigants, visit our website [here](#). For more information about how to register for this training program, contact your Meth-O-Gas supplier. Click the link below to log in or register.

Completing Your Trainee Profile

1. For new users, once your account has been registered, you will be redirected to the Profile page. **You must complete all fields in your trainee profile.** Enter your information as accurately as possible. While you may edit this at a later date, your First Name, Last Name and Company Name will appear on your Certificate of Completion **exactly as you have entered them for the first time.**

Profile

Your Trainee Profile

Title	E-mail
<input type="text"/>	[your email here]
First Name	Last Name
MOG	Customer
City	State
<input type="text"/>	<input type="text"/>
Country	Phone Number
<input type="text"/>	<input type="text"/>
Company Name	Job Title
<input type="text"/>	<input type="text"/>
Certification No	Certified State
<input type="text"/>	<input type="text"/>
Meth-O-Gas Supplier	
<input type="text"/>	

2. After you have completed your trainee profile, click **Save Changes**. If all required information has been entered, you will see a confirmation message. If not, you will be asked to complete any empty fields.

Profile

Your profile has been updated successfully.

Your Trainee Profile

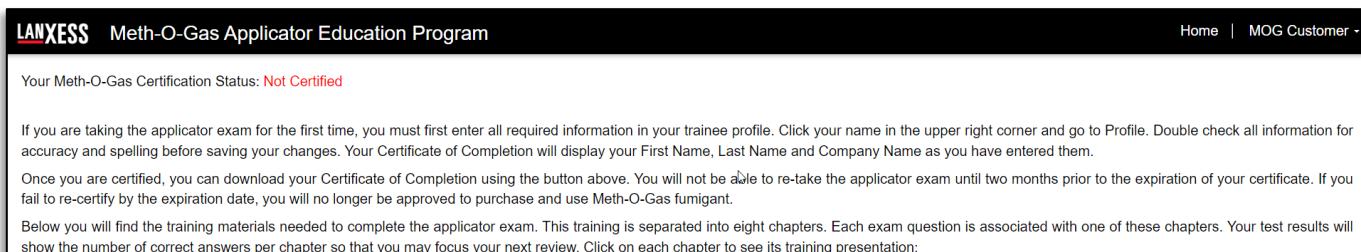

3. At this point, the training site administrator will be notified of your registration request and will review all of your information before activating your account. Allow 1-2 weeks for account activation. You will be notified via email once your new account has been activated. Until then, you will not be able to access training materials or take the Certification Test.

Your registration is pending for approval!

Completing Your Meth-O-Gas Training

1. After your account has been activated, you will be able to view the instructions and training documents on your Home page. Click the link to the **Fumigation Training Guide** to download a PDF copy. The training guide and Meth-O-Gas product labels will be your training materials for the LANXESS Meth-O-Gas Applicator Education Program. Carefully review these materials before attempting to complete the Certification Test, as you will only be given three attempts to achieve a minimum passing score of 80% (at least 40 out of 50 correct answers).

Your Meth-O-Gas Certification Status: **Not Certified**

If you are taking the applicator exam for the first time, you must first enter all required information in your trainee profile. Click your name in the upper right corner and go to Profile. Double check all information for accuracy and spelling before saving your changes. Your Certificate of Completion will display your First Name, Last Name and Company Name as you have entered them.

Once you are certified, you can download your Certificate of Completion using the button above. You will not be able to re-take the applicator exam until two months prior to the expiration of your certificate. If you fail to re-certify by the expiration date, you will no longer be approved to purchase and use Meth-O-Gas fumigant.

Below you will find the training materials needed to complete the applicator exam. This training is separated into eight chapters. Each exam question is associated with one of these chapters. Your test results will show the number of correct answers per chapter so that you may focus your next review. Click on each chapter to see its training presentation:

2. Your Certification Status is shown at the top of your Home page.

LANXESS Meth-O-Gas Applicator Education Program

Your Meth-O-Gas Certification Status: **Not Certified**

3. You can navigate to your Home page or Profile page, or sign out of the training website, using the menu options in the upper right corner of the menu bar.

4. Click **Start Test** on the Home page when you are ready to complete the Certification Test.

Start Test

5. Complete all 50 multiple-choice test questions and click **Submit** at the end of the test. You will be prompted to answer any questions you may have missed.

Question 1.

Pesticide products containing methyl bromide are Restricted Use Pesticides.

TRUE
 FALSE

6. Click **OK** to verify the submission of your Certification Test.

fumiganttrainingsite.powerappspartals.com says

Are you sure you want to submit the test?

OK

Cancel

7. After submitting your test, you will be redirected to the Exam Results page. Here, you will see your overall test score as well as the individual scores for each of the sections in the Fumigation Training Guide. If you passed the Certification Test, you can download your Certificate of Completion by clicking [Download Certificate](#). Congratulations, you have now successfully completed the LANXESS Meth-O-Gas Applicator Education Program. Click [Exit](#) to log out of the website.

Exam Result: Passed

Congratulations! You passed the training exam with a score of 100% (50 out of 50).
Below are the results of each section:

Regulations:	13/13
PPE:	8/8
Fumigation Process:	12/12
Storage, Handling, Disposal:	3/3
Health, Safety, Environment:	8/8
Detection Devices:	5/5
Emergency Response:	1/1

Successful completion of the Meth-O-Gas Applicator Education Program allows you to purchase Meth-O-Gas products for the next two (2) years as long as you maintain a current and applicable US state pesticide applicator license.

Click on the "Download Certificate" button to download the certificate.

Present this certificate to your Meth-O-Gas supplier as proof of completing the Applicator Education Program. You can renew this training certificate before the two-year period expires by logging in and retaking the exam.

[Download Certificate](#) [Exit](#)

8. If you did not pass the Certification Test, you will have two additional opportunities to retake it. Navigate back to your Home page and click [Start Test](#) to begin your next attempt. If you fail all three attempts, you will not become certified to use LANXESS Meth-O-Gas fumigants.

Exam Result: Failed

A passing score is 80% or greater (at least 40 correct answers out of 50 questions). Unfortunately, your score is 30% (15 out of 50) and you did not meet the requirements to earn a certificate of completion.
Below are the results of each section:

Regulations:	5/11
PPE:	2/8
Fumigation Process:	2/11
Storage, Handling, Disposal:	1/7
Health, Safety, Environment:	3/7
Detection Devices:	2/5
Emergency Response:	0/1

You will be allowed to retake the training exam up to a maximum of three (3) times. Please review the Meth-O-Gas Applicator Education Program training materials and the exam results above to determine which topics might need your additional focus before retaking the exam. You must pass this exam to qualify for the use of Meth-O-Gas fumigants.

If this is your third unsuccessful attempt, you will not be allowed to retake the test. Please contact your supplier for more information.

[Exit](#)

Downloading Your Certificate of Completion

1. After passing the Certification Test, your Certification Status will be updated on your Home page.

2. You may retake the Certification Test, and become re-certified to purchase and use Meth-O-Gas, starting one month prior to the expiration date on your Certificate of Completion. If you attempt to retake the test before then, you will receive an error message.

3. You can download a copy of your Certificate of Completion at any time by clicking **Download Certificate** on your Home page.

4. Your Certificate of Completion will display the First Name, Last Name, and Company Name that you entered into your trainee profile when first registering with the site. Present this certificate to your Meth-O-Gas supplier as evidence that you have completed your required Meth-O-Gas training.
